

Electronic Delay Timers

Delay Off Timer (2-40 min)

Design allows for ease of installation and retrofit

Can be used in conjunction with traditional on/off switches

Wide application of use such as Kitchens, Bathrooms, Laundry, Hotels, etc.

ESC Code:

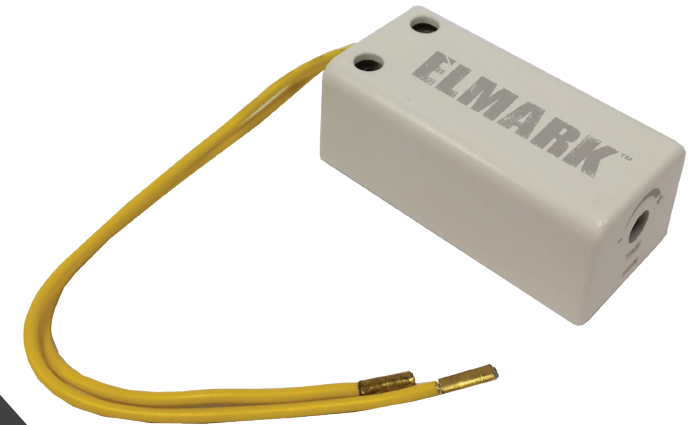

VBRTV490

Rated: 220-240V/50Hz

Max load power: 100W

Operating temp: -10°C – 50*°C

Standby Power: ≤0.3W

ESC Code:

VBRTV492

Rated: 220-240V/50Hz

Max load power: 150W

Operating temp: -10°C – 50*°C

Standby Power: ≤0.3W

Delay Off Timer (1 sec - 90 min)
Delay On Timer (0 sec - 5 min)

Design allows for ease of installation and retrofit

Can be used in conjunction with traditional on/off switches

Wide application of use such as Kitchens, Bathrooms, Laundry, Hotels, etc.
