

# APOLLO TWIN SPOT EMERGENCY LIGHT

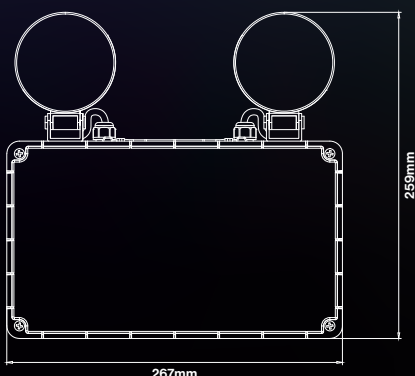

7W • 1000lm • 5000K • LED • IP65

Double the assurance,  
Double the Safety

Equipped with advanced LED Twin Spot lights, Apollo combines energy efficiency with powerful luminosity. Whether it's a sudden power outage or any emergency scenario, Apollo is well equipped to provide a reliable source of illumination in an instant.

- Durable polycarbonate construction
- Twin side conduit entry
- Lightweight design for quick and easy installation
- Ideal for commercial and industrial applications
- Non-maintained only
- IP65 and IK06 rated

## GENERAL

Voltage	220-240VAC, 50/60Hz
Emergency Power	7W Maximum
Battery	LiFePO4 6.4V 6000mAh
Charge Time	≤16H
Discharge Duration	≥2H
Discharge Efficiency	≥80%
CCT / CRI	5000K / Ra>80
Test Mode	MT/DALi
Lumen Output	1000lm
Protection Class	Class II
IP Rating	IP65

## STRUCTURE

Material	Polycarbonate
EM Classification	C0:D80:C90:D80
Mounting Type	Surface Mount
Operating Temp(°C)	0°C - 45°C

IP65   
CE RoHS
